You will see that there are three options relating to wheelchair spaces. This is because we have certain spaces that are suitable for all wheelchairs, but some that are not ideal for larger electric wheelchairs. If you are uncertain which size applies to you, please call our Ticket Office Team on 01202 280 000 for guidance.

We also have a third options for customers who use a wheelchair, but prefer to transfer to a seat when they get into our auditorium.

In the example below, you will see that this user has a standard-sized wheelchair, and also needs a Carer/PA to accompany them. (If this is the case, you are entitled to a free ticket for your carer/PA.)

If you already have a Lighthouse account, please make sure that you use the email address that you have already registered with. If you are a new customer, a link will be sent to your email address to verify your registration.

This symbol shows spaces where there is a seat for other customers that are joining you and need a seat. (Please note that this is the same as any other seat in the auditorium, but can only be purchased by customers who have told us that they require wheelchair access.)

Below is an example of how this looks on the seating map:
